# DEDICATION

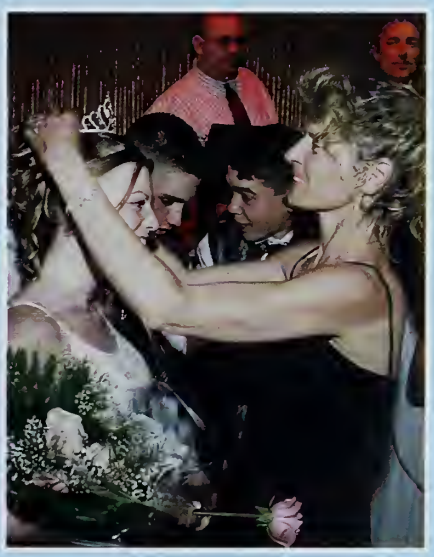
# 2002

This yearbook has been dedicated to an outstanding and remarkable individual who has dedicated a lot of time and effort into guiding the class of 2002. During our four years at AHS, she has never lost faith in us and was always optimistic, even though at times it was rough. Not only our advisor, but also our teacher, friend, and mentor, she has played a significant role as a part our our class as well as in the lives of all of her students.Her goal, to make our high school years fun and memorable, has definetly been fulfilled as the friendships we have formed and lessons we have learned are forever embedded in our memories. She will be remembered as a sweet and caring person, not only by the class of 2002, but by everyone who is fortunate enough to know her. This yearbook is dedicated to Mrs. Baker as a way of showing our appreciation towards herbecause her contributions and personality were far too many and generous to go unnoticed.

# CLASS ADVISORS

# 2002

The class of 2002 would like to acknowledge Mark Feruccio and Judith Baker for their leadership and guidance during our four years at AHS. We could not have made it without them and would like to thank them for providing us with the inspiration and motivation to succeed in all aspec†s of our lives. Their time, effort, and dedication has been apparent as all of our class events have ended on a memorable note. In trying to make our class be the best that it could be, they have sacrificed their time and energy. Even if we thanked them a thousand times, it would not compare to everything that they have done for us. THANK YOU so much. - Class of 2002



# HISTORY

## Attleboro High School Class of 2002

Our high school years are some of the best and most memorable moments of our lives. For the class of 2002 ,this is no different. Over our last four years at AHS we have formed, lost, and reconciled friendships. We have undergone good, sad, and tragic times while still managing to stay together. We have all changed and continued to change. From our first high school dance to our last few finals, we have all gotten something out oof this school that we will use some day. Whether we use it academically or philosophically, we learned it here at Attleboro.

On September 2nd, 1998 the class of 2002 entered the doors of Attleboro High School as students for the first time, becoming at that point the school's largest class ever. Not knowing what to expect we ventured our way to our homerooms, while trying to avoid collisions with the other 1600 students in our new school. We were finally in high school and out to prove something. Throughout our freshman year, our class bonded and as part of this school achieved great things. At our first spirit rally we were hesitant to make any noise, but that did not stop us from defeating the juniors and seniors in the tug o' war. Carring our 100 lbs backpacks all day proved to be the perfect strength of training. The same year, our cheerleading squad went to the nationals in Disneyworld, the girls' basketball team erned the honor of playing at the Fleet Center, and the school put on the musical "Music Man." As our freshmen year came to a close, we danced our way into the summer at our social to the song "All My Life" by KC and Jo Jo.

After a summer break, we were finally not the youngest kids in the school. We started out the school year with a hoax hurricane that let us have a nice day off from school. The school also underwent some changes with Mrs. Martin as our new principal and Mr. Camire as our new vice-principle. In addition to these changes, the school was overshadowed by sadness in early fall when a long time science teacher, Mr. Dentch, passed away. As the year continued the sophomore class hosted the homecoming dance, which was a great success. Our class had our sophomore gathering at the Elks Club and danced to Bryan Adams' "Everything I Do.", a memorable night for everybody. Once again our year ended at a freshman social but not our own. The freshman social was made up of half sophomores. It was a great way to end a fun year.

As junior year came, so did senioritis, a year early. Many people bagan to drive to school, which lead to a lot of trips ot O'Briens's and a lot of students late to school. Many students were asking the question, "Who's your chemistry teacher?", due to the unfortunate death of Mr. Bouvais. The boys' gymnastics team ended their season by capturing the state championship while the girls' gymnastics team placed fourth in the state, their best finish ever. We held our prom at Lake Pearl. Scott Donahue and Kelly Boardman were named king and queen, while Joel Piggott, Ben Lavoie, Steve Binns, Tamie Keene, Ashley Reinhart, and Aimee Sousa made up their court. Everyone had a good time and the night ended with Eric Clapton's 'Wonderful Tonight'.

Finally, we were seniors. Once the largest class in the school,we now became the smallest. We came in not knowing anymore about the schedule than the incoming freshman class, due to the new block scheduling, which gave us an excuse to visist Mrs. Pouliot, Mrs. Bosh, Ms. Wells, and Mr. McCarthy in OGO. Tragedy struck our nation only a few days later when on September 11th, America was attacked by terrorists. This was a day we will all remember for the rest of our lives. But, instead of anger and hatred, our class showed great pride for our nation. Together with the rest of the school we had 'Attleboro Cares' week and a blood drive. We truly showed what it was to be Americans. If you didn't know by the many signs hanging up around the school, the girls' soccer team won the EAC championship, wihile the field hockey team went to states for the first time in over 25 years. Our tug o'war team completed their undefeated record at the spirit rally by easily defeating the sophomores and juniors.

As our class ends our four year journey through high school, some of us will further our education, while others will enter the work force, and many will help serve our nation. Our pictures may be taken down in OGO, our lockers taken by other students, and the lunch ladies will be serving 'dank' nuggets to other kids, but our lasting impression on the school will always be there. We have many more great things to achieve outside the safe walls of AHS. I would personally like to wish each and every senior good luck in whatever you choose to do. i know you will make Attleboro and the class of 2002 proud.

Peace,
Steve Binns

Sorry I never told you
All I want to say
And now it's too late to hold you
'Cause you've flown away

Never had I imagined
Living without your smile
Feeling and knowing you're hearing me
It keeps me alive

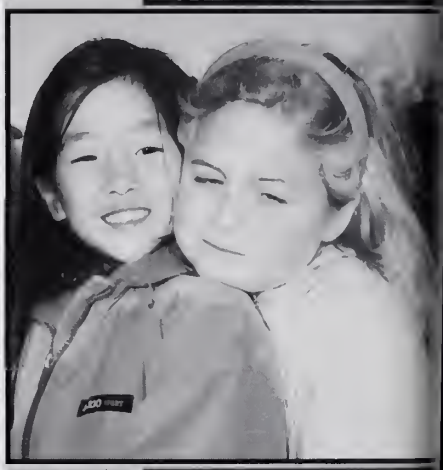
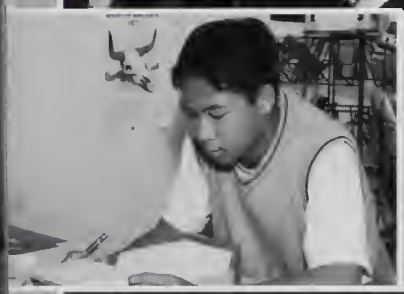
# Memorable Moments



# In Loving Memory



Davis ~

From the moment that you walked into our lives, it has never been the same. We can honestly say that you have been the most kind and generous person that we have ever known, and that we will ever know. You always put others before yourself and taught us to do the same, and as we got to know you, we realized that you never have or never would have considered yourself above others. You touched many people with your generosity and we are sure that the people who knew you will always remember you as a true and caring friend. A part of you will always be with us. You will forever hold a special place in our memories and in our hearts.

Davis Y. Mom

**Randi,**

Just yesterday I put you on the bus for your first day of kindergarden, and soon I will be watching you in cap and gown on your graduation day. You have achieved so very much throughout your four years at A.H.S.. No other mother could be more proud then I am of you My angel, my queen, your every mothers dream. Continue your four years of college as you have at A.H.S., and success will be yours.

Love,
MOM

Congratulations to our super special granddaughter Randi who has brought a lot of memories, and sunshine to our lives. Best of luck in college.

With love and happiness,
Grandma & Papa

Randi your special, memories you gave me will last forever. Always follow your dreams. You will succeed.

Love,
Auntie

Good Luck Class of 2002!

# Editor's Page

Well, here it is! Don't know how we did it, but it's finally done!! John and Megan, thanks for your help and dedication. What would we have done without you? John, we're lucky to still be alive after driving a few places with you. At least you kept things interesting. If it hadn't been for you, we would still be locked out of our closet. So, who's the #1 hottie anyway? Megan, if it weren't for you, this book wouldn't be paid for. Long live the Haskell monopoly! Much thanks to Mr. Burbank for the guidance, support, soup, pizza, passes when we needed them, and field trips to D and D. We know that you got a little stressed out because we weren't able to meet any of our deadlines, but, hey, once a 'honky' always a 'honky'. We'll never forget all the great times that we had. We would like to wish the class of 2002 good luck in all of your future endeavors. And always remember, don't do today what you can save for tomorrow!
